

CAPABILITY STATEMENT

CAGE: 8CMX1 DUNS: 095370684

COMPANY OVERVIEW

NexGen Technology is a leader in laboratory and restaurant supplies nationwide through the use of our business affiliations to assist in providing our clients with their detailed specific tooling needs. This along with uncoupled services in machining, custom fabrication, signage, banners, safety requirements, and packaging. We strive to provide industry specific necessities for all your laboratory, restaurant and service needs with profound customer support to empower the basics of quality systems and services. Contact us today to find out more about our federal contracting abilities and to see how we can best serve you.

Our Mission:

To be the catalyst that holds familiarity and understanding through practice for support, service, and result-driven experiences by empowering our patrons to succeed from the ground up.

Custom Machining and Fabrication, Signage, Banners, 3D Scanning & Digital Printing Services, Packaging, Prototyping, and Custom Mold Creations

DIFFERENTIATORS

- Service Disabled Veteran Owned Small Business Certification
- Market Responsiveness: We try to respond to consumer demands quickly, or even anticipate their needs when able.
- Product or Service Superiority: Through the use of our business affiliates, we can provide quality industry-specific equipment and services to meet your needs.
- Product Efficiency: NexGen invests in production, distribution, and total quality management by working closely with our suppliers to maintain a good quality management system.
- Market Dominance: NexGen works with well-known suppliers to provide you the most innovative and up-to-date specifics to meet the demand of our clients growing workforce.
- Method of Sale: We strive to improve innovation in sales techniques by opening up new markets whilst cutting costs.
- Distribution Methods: NexGen's ability to provide drop-ship capability and on-time deliveries are but one of the few ways we excel through customer support channels and supply chain management.
- Technology Advantage: Even though technological advantage takes on many forms, it's fundamentally the application of software, hardware, and other intellectual property to improve the efficiency, effectiveness, or reach of the business to assist our patrons in providing what matters most. Satisfaction to help you grow from the ground up!
